

June 2010.

**We would like to take this opportunity to introduce you to our new exiting range of 350mm Avancer diamond blades. They are as follows...**

1) The new Avancer Professional that comes standard with 15mm high segments. This blade was launched in January 2010 and was so successful that we sold the first shipment out in two weeks. This blades comes in two products classes, namely, the SC80 for Abrasive materials and the SC10 for hard materials. They are currently in stock and awaiting your orders.

**AVANCER  
Professional**

**15mm Segment**

2) This is our newly branded blade, the Avancer Red Devil, this is actually our tried and tested Avancer 350mm blades that you have been currently getting from us. We have rebranded it the Red Devil to align it with its 230mm sibling, so as you can see there are no quality changes, purely a rebranding of the product only. They are available in the following classes: Old Concrete, Green Concrete, Asphalt and General Masonry.

**AVANCER  
Red Devil**

**12mm Segment**

3) This is our current, tried and trusted Avancer Euro-Cut. This is the cheapest of the three siblings and the only changes to this blade was adding the Avancer logo to the boxing as well as the labels. They are available in the following classes: Old Concrete, Green Concrete, Asphalt and General Masonry.

**AVANCER  
Euro-Cut**

**10mm Segment**

If you need any more information regarding these above products, please do not hesitate to contact our office on 011-452-4153
